Mr. Madhusudan Padhy, Chief Financial Officer (CFO) of INDUSEM Research Foundation was invited as a special guest.

The first agenda of the meeting was conducting the elections of the Governing Council of ACEE. A total of 10 nominations were received till 20<sup>th</sup> October, 2021 which was the last date for receiving the nominations. All the candidates were unanimously elected to the Governing Council. The candidates who were elected unopposed were:

Dr. Sagar Galwankar – President  
Dr. Praveen Aggarwal – Vice President  
Dr. Manpreet Singh – Honorary Secretary  
Dr. Sanjeev Bhoi – Treasurer  
Dr. Ashish Bhalla – Member

Dr. Vimal Krishnan – Member  
Dr. Purna Batra – Member  
Dr. Indrani Sardesai – Member  
Dr. Vivel Chauhan – Member  
Dr. Murtuza Ghiya – Member

The second agenda was the audited accounts of ACEE. Dr. Praveen Aggarwal presented the detailed accounts of both ACEE and INUSEM Research Foundation.

Dr. Sagar detailed the role of INDUSEM Research Foundation. It was incorporated during EMINDIA2019 as a company and as decided at that time in 2019 meeting, The Members were updated that the assets of ACEE would be transferred to INDUSEM Research Foundation as per the decisions of the meeting in 2019.

All the Members were asked to actively support the Foundation.

They were asked to encourage students to join VigyanCentral, the education portal of INDUSEM Research Foundation.

After the completion of the agendas, the Members were informed that no other agenda was sent to ACEE by any Member. The Members were asked if they had any questions to be raised in the meeting.

The Members wanted to ask about the format of the forthcoming World Academic Conference of Emergency Medicine (WACEM) to be held from 10<sup>th</sup> to 19<sup>th</sup> December, 2021 virtually. Dr. Sagar Galwankar and Dr. Vimal Krishnan informed the Members detailed schedule of WACEM. The first three days will be for the Emergency Pediatric and Injury Conference. The last two days will be for the international speakers. In between, the Faculty development program, convocation and award night will be held. Skills of two hours each will be organized during the WACEM. There was a concern regarding organizing splinting workshop in virtual platform. It was decided to look at it later. Another suggestion was to have pre-recorded sessions during WACEM so that there is no breakdowns of connections which can happen during such a long conference.

Some of the Members informed about inability of them attending various workshops required by candidates currently pursuing the Fellowships pathways. Even NEMBRIC could not be held this year due to the pandemic. It was suggested that those candidates may get the training from their local faculty and they can attend NEMBRIC later even after the award of Fellowship of ACEE. If they attend WACEM, it will be considered equivalent to NEMBRIC for the current batch. Dr. Ashish Bhalla was of the opinion that NEMBRIC can be made virtual over three days followed by skill workshops over two days. It was decided that the matter would be discussed later on.

All the Fellows were encouraged to participate in WACEM by submitting research papers, learning cases and didactic lectures. Each college could be given a slot of one hour during WACEM.

No objections were raised by any member

The meeting came to end with thanks to all the Members and the Chair
